this book in memory of f donald logan explores different aspects of christian culture and society in england from the twelfth to the
 sixteenth century although this period has traditionally been interpreted in terms of decline and decay this excessively gloomy picture
 has slowly given way over the last eighty years or so to a more positive view of christian civilization during these centuries the twenty
 two studies brought together here seek to build on this ongoing reassessment of later catholic england especially in those areas in
 which professor logan himself had done so much to deepen our understanding of christian english society contributors are travis baker
