to truly understand the current interest in the development of Islamic banking and finance in South East Asia and how it is different from the conventional banking system one must first understand the religious relationship originating from the Qur'an and then trace the historical geographic and political developments of Islam over recent centuries. Only on this basis can the reader without prejudice or cynicism begin to appreciate Shari'ah law and Islamic jurisprudence. With this platform established in the first part of the book, readers are invited to learn about the financial products and services offered, understand the challenges in their development, and ultimately recognize the significant opportunities that Islamic banking and finance can provide both Muslims and non-Muslims. This second edition contains updates of statistics and dates with regards to the development of Islamic banking in Malaysia, Singapore, Indonesia, and Brunei. In particular, the chapter on Singapore details significant developments such as the direction which major banks are taking towards Islamic banking and the increase in Islamic

banking products being offered although written by a non muslim author this highly regarded book is being translated into arabic by a leading islamic university in the middle east sample chapter s chapter 1 islamic history 699 kb contents islamic history shari ah law and islamic jurisprudence islamic commerical law islamic financial products issues and challenges of islamic banking today islam in south east asia colonial legacies islam and state law in south east asia islamic banking in malaysia islamic banking in indonesia labuan a niche in the islamic money market islamic banking in brunei banking in singapore readership investors bankers financial industry players upper level undergraduates and post graduate students in islamic studies banking and finance

islamic finance has been growing faster than conventional finance for most of the past decade it has done this on a model of finance that rejects interest and promotes profit sharing how is this possible yet the wealth potential of islamic finance is far from being its most attractive feature what is most compelling about islamic finance are its ethical principles and strong corporate governance based on shariah law this second edition explains and updates how conventional financial products work from mortgages and leases to trade finance and insurance before delving into their islamic versions and contains three new topics on microfinance the ethical company and wealth succession about the authors daud vicary abdullah has been in the finance and consulting industry for more than 40 years and has focused solely on islamic finance since 2002 at hong leong islamic bank he was instrumental in transforming an islamic banking window into a full fledged islamic banking subsidiary today he helms incef international centre for education in islamic finance the global university for islamic finance set up by bank negara central bank of malaysia in december 2005 he is also a frequent speaker and commentator on matters relating to islamic finance keon chee is a senior executive in singapore where he oversees the wills trusts and corporate services businesses in his firm he has many years experience in investment research derivatives financial training and insurance he obtained an mba from columbia university and an ll b hons from the university of london and enjoys using his broad background in helping clients with their estate planning needs he is also co author of the best selling make your money work for you

the recent turbulence in the global financial markets has drawn attention to an alternative system of financial intermediation islamic banking and finance which has so far remained on the sidelines of the unrest islamic finance in a nutshell is a quick and easy guide to understanding the fundamentals of islamic finance and how the islamic financial markets work designed as a quick read for practitioners needing to pick up the basics of the industry it will enable readers to understand the differences islamic and western finance starting with the rise of islamic finance the book highlights the key areas which practitioners need to grasp to understand the marketplace including financial statement analysis sharia a law making money in the absence of interest and regulation the book also provides readers with a basic guide to arab terminology and a guide to the top financial institutions within the islamic markets this is an ideal guide for anyone with an interest in how these financial markets work but who do not want to be bogged down in complex and unnecessary terminology

a detailed look at the fast growing field of islamic finance and banking the guiding principle of islamic finance has existed throughout islamic history yet modern islamic banking has been around for a relatively short period of time author amr mohamed el tiby is an expert in this field and with this new book he reveals how you can benefit from the use of islamic banking strategies in your financial endeavors engaging and accessible islamic banking shows the impact this approach has made on conventional banking since the 1950s and why it s such a big player in the current market it offers a unique look at various aspects of this field including the salient features of islamic banking that distinguishes it from non islamic banking the development of the regulatory bodies and supervisory agencies
