during the tumultuous formative years of the canadian welfare state many women rose through the ranks of the federal civil service to oversee the massive recruitment of canadian women to aid in the second world war ironically it became the task of these same female mandarins to encourage women to return to the household once the war was over pick one intelligent girl reveals the elaborate psychological economic and

managerial techniques that were used to recruit and train women for wartime military and civilian jobs and then at war s end to move women out of the labour force altogether negotiating the fluid boundaries of state community industry and household and drawing on a wide range of primary sources jennifer a stephen illustrates how women s relationships to home work and nation were profoundly altered during this period she demonstrates how federal officials enlisted the help of a new generation of experts to entrench a two tiered training and employment system that would become an enduring feature of the canadian state this engaging study not only adds to the debates about the gendered origins of canada s welfare state it also makes an important contribution to canadian social history labour and gender studies sociology and political science
