tropical paradise we often see illustrations of tropical vacations and dream of better days sitting under the sun with a drink in our hands what is it about the tropics we so endure what lure us to those places in colder climates during the winter months plants have adapted to the climate they can take freezing temperatures and months of snow and ice however tropical plants are not capable of surviving those climates but we still long for that tropical fruit we buy in the store for outrageous prices what if we could go over to a tropical trop select a ripe fruit and eat it right then and there while outside a blizzard is taking place our own tropical paradise right outside our own home many tropical plants will grow with the right care and conditions in areas that normally would not permit them those same plants that grow in abundance in a warm south american africa can grow right in

your own living room room to pluck the ripe sweet fruit grown in the tropics

coverage of publications outside the UK and in non-English languages expands steadily until in 1991 it occupies enough of the guide to require publication in parts 1995 issued in 2 vols 2003 issued in 3 vols
