a comprehensive reference book for those with interest in or need to know how operations in the world's factories work and how common products, components, and materials are made.

Since the invention of double-entry bookkeeping, managers have judged a company's worth by sales and profits. Now a world-renowned scholar, theoretician, and guru of production and manufacturing exposes the fallacies of this timeless practice. Armed with new world-class benchmark data, Schonberger redefines excellence in terms of competence, capability, and customer-focused, employee-driven, data-based performance.
